Maximize Your Healthspan

by *Kelly Andis* Sponsored By: Natural Grocers

We all desire to live a long and healthy life. But are those extra trips around the sun really quality, healthy years added? For most of us, our lifespan far exceeds our healthspan, meaning there is a gap between the number of years we live and the number of years we live healthfully. Maximizing your healthspan is all about learning how to put health back into your years, so you can live life to the fullest.

The Unsweet Side of Soda

by *Kelly Andis* Sponsored By: Natural Grocers

Soda, pop, cola -- whatever you want to call it -- contains a mishmash of chemicals and enough sugar to ruin your good health. Sugar consumption in the United States has reached unreal levels and its rise is mirrored by the rise in many of the chronic health problems that plague Americans. Use tips learned in this class to break the sugar addiction and improve your health and the health of your family.

Dysbiosis and Digestive Discomfort

by *Kelly Andis* Sponsored By: Natural Grocers

Do you experience occasional gas, bloating, and abdominal discomfort? We know the importance of beneficial bacteria in our gut, but when we have too many, or the wrong types of gut bugs, we can experience digestive discomfort and gut dysfunction. In this class, you'll discover the importance of having a healthy microbial balance in the gut, which can support gut comfort and overall health.
